Company Profile

“

It's now that much easier and more effective to expand your business worldwide, thanks to our company!

Our vast experience, methodology, and dedication, guarantee your success.

What we do

Each client's business is treated as if it was our own.

We put ourselves in your shoes, align our incentives with your objectives, and collaborate to unlock the full potential of your business. always aiming for pleasant and meaningful interactions.

In bullet-points we specialize in...

01

Growing your sales locally

02

Concluding in the Export Strategy and Plan we need to apply

03

Achieving the Market entry and Exports

04

Undertaking vice-versa projects, spotting the right Greek product to import in your foreign market or raw material to import for the needs of your company in Greece

05

Represent our clients in International Fairs upon request

How we do it

01

We are the Commercial “face” of our clients and act as their ambassadors.

02

We work as our client's sales team extension

03

We take care of the supply chain as well as our client's profits

04

We secure the best positioning for our client's products, based on their expectations

05

Experience, knowledge & effectiveness are our foundations

Why us

01

We are working in exports for more than 20 years

02

We maintain a network of contacts & we activate it on a case-by-case basis

03

We can target EU, Africa, India, Australia & Arabic countries based on each product

04

We can undertake vice-versa (imports) projects based on our client's needs

05

Without the need of employer fees & staff allowances

06

With a flexible monthly fee & payment scheme

“

Our Mission

To create long term relationships and bring successful sales results for our clients.
